

PARK CITY NURSERY

“WE KNOW WHAT GROWS”

Terms and Conditions

*Cash, Checks, Visa, MasterCard, Discover and American Express

*Any returned plants must be in good/great condition and returned within 24 hours of purchase with receipt.

A 20% restocking fee may be charged.

*No returns on chemical or seed.

***All returns are for in nursery credit in the form of a gift card. NO Cash Refunds.**

Our “Partnership” Guarantee

Park City Nursery guarantees all plant material to be healthy and true to name when it leaves the property. Park City Nursery offers a 90 day, 50% guarantee. Due to the nature of our climate, the success of the plants depends largely on the care they receive from the purchaser: proper planting, watering, location, fertilizing, etc. Our Policy is a 50-50 partnership with the customer. This guarantee applies ONLY to trees, shrubs, and hardy evergreens. No guarantee is made on annuals, perennials, miscellaneous items stocked in the heat of the summer including tropical plants, hanging baskets, seeds and other plants not hardy for our area. All claims must be accompanied with the receipt and the plant - if the plant is not dead but suffering from shock due to improper handling, you will be advised as to how to nurse it back to health - it is always good to call before you remove a plant. Sometimes shocked plants will lose all of their leaves yet come back as vital as ever.

If you contact us within the 90 day grace period, we will ask to see a copy of your receipt and some photos of the plant to assess the problem and possibly extend our partnership policy with you until June 1 of the following season. Under NO circumstances will Park City Nursery be liable for more than the original purchase price of the plants.

NO CASH REFUNDS

Extended Warranty

We offer an extended warranty at the time of purchase for an additional 50% of the cost of each plant. It is good for one full year from date of purchase and worth 100% replacement cost. All claims must be accompanied with Sales Receipt and the plant. Under NO circumstances will Park City Nursery be liable for more than the original purchase price of the plants.

Hold Orders/Special Orders

A 25% non-refundable down payment is required to tag plant material. No plants will be held for more than 7 days unless arrangements have been made. Any special orders (Plants & items not normally stocked by the nursery) require a 50% non-refundable down payment at time of order, with full payment due prior to delivery. Special orders of items not normally stocked do not qualify for our “Partnership” Guarantee.

Does Not Apply to Seasonal Sales. Full Payment Upon Purchase

There is NO guarantee on Seasonal Sales Plants

FRUIT TREES & BERRIES

Plant & Material List

FRUIT TREES

We are always researching varieties that will survive in our unique mountain climate. Following is a list of varieties that will work.

FRUIT TREE PRICING

#5	69.00
#7	99.00
#10	159.00
#15	189.00+
1.5-2"	229.00+
2-2.5"	279.00+

APPLES - SEMI-DWARF & STANDARD

20-30' tall 15-20' wide

Apples are generally not self-fertile. Two varieties should be used in each planting to serve as a source of pollen for the other variety. EARly bloomers should be planted with Mid-Season. Late Bloomers with Mid-Season or other Late Bloomers.

Early	Mid	Late
Gravenstein	Honeycrisp	Gala
Goodland	Jonathan	Red Delicious
Zestar	Fuji	
	Liberty	
	McIntosh	
	Sweet 16	
	Yellow Transparent	Yellow
	Wealthy	

ESPALIER

zn 3-4

Combo & Single Variety

Espaliers priced as marked; size, variety and price will vary based on availability

FUJI zn 4
Round to conical fruit with red stripes; very sweet; semi-dwarf

GALA zn 4
Medium round fruit has a red outer skin with peaking tones of yellow and green; firm and crisp texture; mildly sweet flavor and a flower-like aroma; semi-dwarf

GOODLAND zn 2-3
Early season, washed red over creamy green; crisp, juicy, tender; Best for cold regions. Hardy

GRAVENSTEIN zn 3
Early; sweet, tart crisp & juicy green with broad red stripes; needs pollinator.

HARALRED zn 3
Semi-dwarf; redder and sweeter than the std. Haralson. Juicy, tart, firm, keeps well. Hardy

HARALSON zn 2-3
Semi-dwarf; medium bright red; tart; juicy; good eating, cider & cooking; HARDY

HAZEN zn 3
Semi-dwarf; 10-15' tall; large dark red fruit.

HONEYCRISP zn 4
Exceptionally crisp & juicy; good storage.
(Pollinator: Red Delicious, Snowdrift Crab)

JONATHAN zn 4
Ripens early October; medium-large red fruit; juicy, crisp white flesh; semi-dwarf.

LIBERTY zn 4
Mid-season bloom; requires pollinator; crisp, juicy & disease resistant.

MCINTOSH zn 3
Mid-season; large red striping over yellow; juicy.

RED DELICIOUS zn 4
Mid-Late Season; large tart red fruit; semi-dwarf; Golden/Yellow Delicious good pollinator.

SWEET 16 zn 4
Mid-Season bloom; mid-late September fruit; needs pollinator; medium red striped; crisp, juicy unusual flavor like cherry candy.

WEALTHY zn 4
Small, cold-hardy, medium to large fruit; rough red flesh. White & pink fruit. Tends to alternate bearing years.

YELLOW DELICIOUS zn 4
Also Golden Delicious; Clear, yellow, crisp all-purpose; semi-dwarf; SELF FERTILE.

YELLOW TRANSPARENT zn 4
Summer; medium greenish yellow white juicy fruit.

ZESTAR zn 3
(Maximum Elevation 7,000') Semi-Dwarf 15-20' tall.
Early, juicy sweet, crisp and tangy; needs pollinator.

APRICOT

MOONGOLD zn 4
Ripens late July/early August; tough orange skin with yellow flesh; freestone; cold-hardy; requires pollinizer such as Sun Gold

SUN GOLD zn 4
Ripens early August; tender golden-orange fruit; freestone; vigorous, upright tree; requires pollinizer such as Moongold

CHINESE MORMON zn 4
Heavy crops of medium, yellow to orange fruit with excellent flavor and texture early in the growing season. Blooms late with frost-resistant buds. Semi-Dwarf; SELF-FERTILE, but benefits from cross-pollination. Bearing age 2-3 years after planting.

CHERRY

BALI zn 3
Semi-Dwarf, SELF-FERTILE; sweet 1" fruit.

METEOR zn 3-4
Natural genetic dwarf; tart, juicy, meaty pie cherry.
SELF-FERTILE

MONTMORENCY zn 4-5
Large, tart fruit, SELF FERTILE; semi-dwarf.

NORTHSTAR zn 4
Genetic dwarf 5-7' tall; SELF FERTILE; sour pie cherry with small stone.

PEACH

RELIANCE zn 4
Hardy to as far North as Canada; medium to large fruit with flush of pink flowers in Spring; freestone; self-pollinating; ripens in July.

PEAR

CHANTICLEER zn 4-5
Pyrus calleryana 40' Tall x 15' Wide
Ornamental pera; prolific white blossoms; green leaves; bitter, hard fruit that the birds eat.

MOUNTAIN FROST zn 3-4
Pyrus ussuriensis 30' Tall x 20' Wide
Hardest of ornamental pears; showy white flowers in Spring; good fall color; symmetrically upright-oval shape; sparse fruit makes for lower maintenance; very resistant to fireblight.

PLUM/PRUNE

Most of the available Plums are Zone 5; will winter over but are unlikely to produce fruit.

BURBANK zn 4
SUPERIOR zn 4

SMALL FRUIT/BERRIES

#1	15.00	#5	45.00
#2	25.00+	#6	50.00+
#3	39.00+	#7	50.00+

BLACKBERRY zn 3-4

Prefers well drained soil; remove fruiting canes after fruit has been picked; to promote lateral branching, prune at 5'.

**BLACK SATIN CUMBERLAND DARROW
BUSHEL & BERRY BABY CAKES**

BLUEBERRIES zn 3-4

**NORTHLAND TOP HAT
BUSHEL & BERRY JELLY BEAN & PERPETUA**

CURRENT zn 3

Exceptionally HARDY; thrives in full sun to shade; tolerates many soil conditions

BLACK CRANDALL GOLDEN RED LAKE

GOOSEBERRY zn 3

Very HARDY; pale green fruit ripens to pink; good for baking & preserves; produces fruit on 2-3 year old wood; prune older canes. **PIXWELL**

RASPBERRY zn 3

Red varieties sucker from roots to develop new plants; black varieties develop from plant tips. Canes should be removed after fruiting.

**BOYNE BRISTOL FALL GOLD HERITAGE
KILLARNEY LATHAM LOGAN MAMMOTH
RED CANBY VINTAGE**

BUSHEL & BERRY RASPBERRY SHORTCAKE

RHUBARB zn 3

Grows best in moist soil but cannot tolerate overwatering; crowns must be planted shallow; do not harvest stalks first season; pull stalks, do not cut from plant; remove leaves before eating as they are toxic!

VICTORIA CHIPMAN'S CANADA RED

STRAWBERRIES zn 3-4

Best when planted in an area with good drainage; with proper care plants should produce for 2-6 or more years.

Also makes for a great ground cover too!

**ALL STAR CYCLONE GUARDIAN
FORT LARAMIE OGALLALA SEQUOIA**

15" Tomato Planters			30.00+

ASPARAGUS 'Jersey Giant' zn 3

A productive, male hybrid that produces more spears than older varieties; plant crown at 2" deep.

HORSERADISH zn 3

Grows best in moist, cool soil; tolerates a wide range of soils and climates; plant 8-10" apart and 2" deep; roots can be dug in winter or spring.

HERBS

We carry a large assortment of herbs, both perennial and annual. BE CAREFUL - they do not perform the same at high elevation.

VINES & ROSES

ROSES

HARDY SHRUB & HEIRLOOM

Varieties that can survive our short growing season and long winters.

They prefer full sun, but can tolerate morning sun. Some are Re-Current Bloomers (RC), Everblooming (EB), and others bloom one time.

#1	\$15.00
#2	\$33.00

VINES

Use as accent only, as they do not provide coverage.

CLEMATIS

zn 3-4

Ranunculaceae

#1	20.00	#5	65.00
#2	41.00	#7	85.00
#3	61.00		

Beautiful, large blossoms on vines with sparse leaves; need trellis support; prefer sunny exposure with shaded roots. Large assortment of colors from deep purple, pink, red, white, variegated etc.

HONEYSUCKLE VINES

#1	16.00+	#5	56.00+
#2	33.00+	#7	75.00+

PINK LEMONADE

zn 3-4

Lonicera japonica

Pink, trumpet shaped flowers in summer; not quite as hardy as 'Dropmore' but a good choice for our climate; tolerates full sun but thrives with a little bit of shade.

SCARLET DROPMORE

zn 3

Lonicera brownii

Bright orange, trumpet shaped flowers; attracts hummingbirds; tolerates full sun to full shade; suprisingly hardy for a vine! Requires a trellis.

HOPPS

zn 3-4

Humulus lupulus

Species of flowering plant in the hemp family. It is a dioecious, perennial, herbaceous climbing plant which sends up new shoots in early spring and dies back to a cold-hardy rhizome in autumn. Hardy vine with dark green leaves and hairy stems. Needs trellis. 6-8' spread.

#1	20.00	#2	40.00
----	-------	----	-------

VIRGINIA CREEPER

zn 3-4

Parthenocissus quinquefolia

Scrambles rather than clings, can be used as a trailing ground cover or climber with a trellis; rapid growth, amazing red fall color; Not Frost Tolerant!

#1	16.00	#5	45.00+
